### **Invitation to the Youth Advisory Board of Turku**

Dear Mr. Habib,

the Kreisschülerrat of Hanseatic City of Rostock, is the co-ordination body for all students in Rostock. We meet us during the last years at several meetings around Europe and the last two times at UBC – Commission on Youth Issues Meeting in Turku and at the XI.General Conference in Liepaja/Latvia.

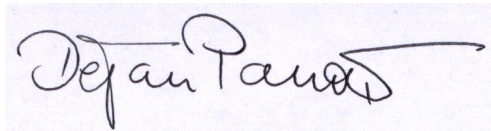

On behalf of the Kreisschülerrat Rostock, I am honored to invite you and the youth advisory board to a bilateral meeting of youth experts of our twin cities this year in **Rostock (Germany) on April \_\_ - \_\_, 2012.**

The importance of the Rostock meeting should not be underestimated as we are going to discuss many topics that are of great importance for our twin cities and also for our common work in UBC commission on youth issues in whole.

The topics and parts of the program for the meeting will be supported for you by the city of Rostock and you will have a chance to get to know the beauty of your twin city in the south of the Baltic Sea region.

We look forward to meeting you all in Rostock.

Yours sincerely,

**Dejan Panow**

President of student council
