Trend Machinery & Cutting Tools Ltd.
Odhams Trading Estate St Albans Road Watford WD24 7TR England

9th December 2019

T11EK ROUTER AND CRT/MK3 ROUTER TABLE COMPATIBILITY

The T11EK router and the CRT/MK3 router table are tested as two separate entities by a third part test house to the various EU directives including the Machinery Directive 2006/42/EC and subsequent updates.

CRT/MK3 Router table 240V – tested to standard EN 12100:2012, EN 62841-1:2015 and EN 60745-2-17:2010.

T11EK Plunge router 240V - tested to standard EN 60745-1:2009 + C1:2009 + A11:2010, EN 60746-2-17:2010

The CRT/MK3 router table includes an electric no volt release safety switch, top and side safety pressure devices, safety insert rings and a safety pushstick.

Trend Machinery & Cutting Tools Ltd can confirm that the Trend CRT/MK3 240V router table stand, when fitted with the included router table safety devices, is compatible with the Trend T11EK 240V plunge router for the routing of wood and wood based materials when a suitable cutter is fitted. It is not intended for continuous production or production line use.

Thank you
